

ZOOTOWN SPORTS CARDS

CARD BUYING/TRADING POLICY

- We love looking at cards and different collections!
- Depending on the size of your collection, it may take a bit of time to determine values. We appreciate your patience and may ask you to leave your cards with us or take some pictures so that we can look through them when our store is not busy. ***IF LEFT HERE FOR MORE THAN 30 DAYS, THEY BECOME THE PROPERTY OF ZOOTOWN SPORTS CARDS.***
- We buy cards based on what we believe the demand will be from our customers—it must be something that will complement our inventory.
- We research the value of the card(s), factoring in its **CONDITION**.
- **Older Cards:** We rely on Beckett pricing guide (either online or a recent issue of their magazine).
- **Newer Cards:** Newer cards may not have Beckett values, so we rely on sales data available via ebay.com, using their “sold” search criteria. We may encourage you to hold on to a certain card until more data is available.
- If we determine that we are interested in purchasing your cards, we will offer you **60% cash or 75% store credit** of their assessed value.
